

Agreement to Participate in Team Hatch Projects

- I. As a member of this team Hatch project, I have contributed to the:
- 1) Intellectual development of hypotheses or formulation of research questions described in the Hatch proposal;
 - 2) Writing and/or editing of the Hatch project proposal;
 - 3) Design of experiments, including analysis and interpretation of data or results; and
 - 4) Development of a timeline to obtain extramural funding to support the proposed studies.
- II. As a member of this team Hatch project, I agree to be an active participant in regular team meetings and share data or results generated by members of my laboratory that contribute to the project described in this team Hatch proposal.
- III. As a member of this team Hatch project, I agree to contribute data, results, or other updates to the annual progress reports and the final termination report as requested by the Project Director.
