

Overview

All users of the new NIFA Reporting System will need to complete registration which requires creating an eAuthentication (eAuth) account with identity verification. You will then need to visit the welcome page and request a role from your Organizational Administrator.

(1) Go to the NIFA Reporting System launch page → Click <u>http://go.usa.gov/xG8xE</u>. Then click LAUNCH.

(2) Create new or update existing account:

FOR NEW ACCOUNTS: If you do not have an eAuthentication Account, Click **Create Account** to set up your eAuthentication account.

For Existing Account Holders: If you already have an eAuthentication Account, please skip to Step (10) and make sure you can still log in. If you have not completed the online 5-question Identity Verification Quiz or verified your identity in person by choosing to visit a USDA Service Center for in-person identity verification, proceed to Step (11) where you will see a link to "Verify My Identity." If you do not see the "Verify My Identity" link, then you are all set and should await instructions for the launch of the new application.

(3) Select Customer and click Continue.

(4) Enter your email address and click **Submit.** Please ensure your information is correct as incorrect details may prevent you from activating your account and/or verifying your identity.

(5) You will receive a Registration email used to complete the account creation process. If you do not receive the email, please click Resend Email.

(6) Open the Registration email.

(7) Click Continue Registration.

(9) Registration portion is now complete. Click **Log in**. You will be prompted to complete identity verification after you log in (11).

(10) Enter your eAuthentication User ID and Password. Click Log in with Password.

Note: If you navigate away from Log in step or return at a later time, you may need to click **Manage Account** on the Menu Bar and select **Update Account** from the dropdown menu.

(11) Choose Verify My Identity from your profile, off to the right side.

Online Identity Verification requires you to correctly answer a series of questions about your background and personal identity, such as previous addresses, relatives' names, former names, schools you attended, etc. If you are unable to answer enough questions correctly, or you do not feel comfortable using the Online Identity Verification tool, **you must use the In-Person Identity Verification option**. In-Person Identity Verification requires you to visit a USDA Service Center and present your government-issued photo ID to a Local Registration Authority (LRA). The address on the photo ID you use to verify your identity must match the address you used when you registered your account.
